

Physical Presence - Special Code

“Special Code” means “Is there a code *requiring special action?*”

Restaurant – Cashier Code-G

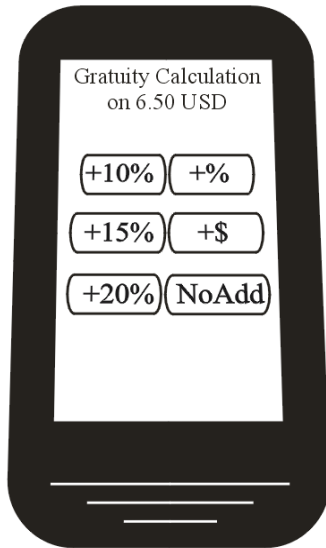

An associate and I dropped in at Mary's Munchies, a nice bakery near the office, for an afternoon energy boost. We each had a croissant and a confection. (Don't tell my wife who had the apple fritter!)

We got a paper receipt with a printed QR-m code as shown to the right.

I scanned it and was prompted about a tip.

The service was good and the quality outstanding so I clicked on the +20% key.

I approved and a QR-c was prepared.

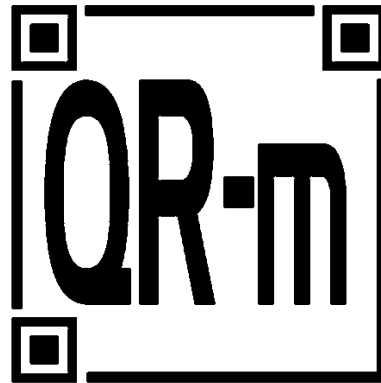

Thank you for dining at Mary's Munchies
